

Thailand Machine Learning for Chemistry Competition (TMLCC)

We proudly certify that

Peeraya Khantaruangsakul

has successfully participated in a TMLCC competition

on "Development of Machine Learning Models for Predicting CO₂ Adsorption and Accessibility of Metal-Organic Frameworks (MOFs)"

held on 17 September – 23 October 2021

Given this on the 23rd of October 2021

Asst. Prof. Dr. Thana Sutthibutpong
Head of the Competition

Dr. Supawadee Namuangruk

Director of Computational Science

and Engineering Association (CSEA)
